"Focus on your entire look. A well-put-together outfit is when everything falls into place - from clothes to jewellery and the right shoes"

Peplum blouse, metal bangles, silk pumps, all Ami's own. Striped skirt ₹ 1699, Dorothy Perkins

## CELEBRITY CLIENTS

Priyanka Chopra, Ileana D'Cruz, Madhuri Dixit and Shraddha Kapoor

### Why She Matters

Think crop tops, androgyny and rock-chic, and you'll instantly recall Priyanka and Ileana - that's Ami's signature style. At this

year's Filmfare awards, Priyanka wore an Alexander McQueen peplum gown previously seen on Hollywood star Naomi Harris. And if a recent post by blogger Miss Malini

is anything to go by, it's safe to say PeeCee wore it better. It's not just about trends for Ami. She likes to dress her clients keeping in mind their personality. She styles from head to toe, never settling for anything less than perfect.

### The Journey

Ami is a fashion magazine veteran. She started out as art director at *ELLE* and then became fashion director at *L'Officiel* before moving on to *Harper's Bazaar* as creative director. She now curates Style by Ami, her own fashion consultancy.
